EVENT CANCELLATION

Event Cancellation Team Coverage

Protect your team registration fees from weather-related cancellations

What is Event Cancellation Team Coverage?

Event Cancellation Team Coverage protects teams from losing their registration fees if an event is cancelled due to unsafe playing conditions. If extreme weather forces the event organizers to call off the tournament or event, your team will receive a refund based on the number of games played vs. games guaranteed. It's peace of mind that your investment is protected, no matter what the forecast brings.

How it Works:

When registering for an event or tournament, you will have the option to add Event Cancellation Team Coverage at checkout. If the event is cancelled due to weather, you can receive a refund for games missed in just a few clicks by visiting: **customers.vicoverage.com**.

What's Covered:

Any weather-related conditions that cause an event to be cancelled due to unsafe playing conditions.

- Heat
- Rain
- Ice
- Snow
- Hail
- Smoke
- Hurricanes
- Tornadoes
- Earthquakes
